### **WHAT IS A STRUCTURED ADVOCACY CONSULTATION?**

A Structured Advocacy Consultation is a strategic working session designed to:

Organize your facts

Identify documentation gaps

Clarify your position

Strengthen your written communication

Map escalation pathways

Reduce emotional reactivity

Increase professional credibility

This is not therapy.

This is not legal representation.

This is strategic positioning.

---

## **THE ADVOCACY ADVANTAGE™ METHOD**

Every consultation is grounded in a 4-phase framework:

### **1. CLARITY**

We separate facts from assumptions.

## **2. DOCUMENTATION**

We assess patterns, evidence, and credibility.

## **3. STRUCTURED COMMUNICATION**

We refine your message to be direct, professional, and outcome-focused.

## **4. STRATEGIC ESCALATION**

We determine when — and how — escalation is appropriate.

---
